

Quality Policy Statement Strategic Direction Quality Management System Standard ISO9001:2015

Scope and context of the organisation.

Powermet Ltd is committed to providing the highest quality Stockholding, Processing & Supply of Ferrous & Non Ferrous copper conductors in accordance with the principles of ISO 9001:2015 Quality Management System Standard. We aim to continually improve the effectiveness of our management system.

Scope:

THE STOCKHOLDING AND SUPPLY OF FERROUS AND NON FERROUS METALS INCLUDING COPPER CONDUCTORS AND ASSOCIATED ANCILLARIES TO CLIENTS ACROSS THE UK.

Policy Statement;

Powermet Ltd are committed to ensure:

- This policy provides a framework for setting quality objectives.
- We profitably supply products and services that meet statutory, regulatory and other applicable requirements including customer satisfaction.
- We maximise business opportunities where possible whilst identifying risk of internal and external factors.
- The Company is committed to achieving customer satisfaction by the use of quality procedures which will be operated to meet or exceed the requirements of ISO 9001.
- We are committed to good corporate citizenship, sustainable business practices and community support in an ethical and responsible manner. We are committed to reducing our global environmental impact such as climate control, through continuous improvement. The Company ensures that we integrate sustainability and climate control considerations into our business decisions.
- We maintain a commitment to continually improve and enhance our quality performance through our management system, seeking to take advantage of opportunities when presented. This will be achieved through our objectives and targets created to ensure intended outcomes are met.
- Training and supervision will be provided, where appropriate, to ensure safe systems of work are operated and developed throughout the company.
- This Policy Statement is communicated to all personnel within the organisation and is reviewed at regular intervals.

All staff are aware of their responsibilities, including any climate change initiatives, within our management system standard and are committed to its future success. The company supports the appropriate training to ensure the required skills are to the levels expected.

This policy will be available to our external interested parties where appropriate.
